RESEARCH

020-A Phase III, Randomized, Double-Blind, Placebo-Controlled, Outpatient,

Safety and Efficacy Study of TAK-375 in Adults with Chronic Insomnia

022- A Phase III, Open-Label, Fixed-Dose Study to Determine the Safety of Long Term Administration of TAK 375 in Subjects with Chronic Insomnia

025- A Phase III, Randomized, Double-Blind, Placebo-Controlled, Outpatient, Safety and Efficacy Study of TAK-375 in Elderly Subjects with Chronic Insomnia

Multi-Center Clinical Study of the Bard Silver Coated Endotracheal Tube

A Double-Blind Placebo-Controlled, Parallel Group Phase II Dose-Ranging Study of Nebulized Amikacin Delivered Via the Pulmonary Drug Delivery System (PDDS) in Patients With Ventilator-Associated Pneumonia Due to Gram-Negative Organisms

A Randomized, Double-Blind, Placebo-Controlled Study to Determine the Efficacy And Safety of Epoetin Alfa in Critically Ill Subjects

A Multi-Center, Randomized, Double-Blind, Placebo-Controlled, Five-Arm Parallel-Group Trial To Investigate the Efficacy and Safety of Four Different Transdermal Doses of Rotigotine In Subjects With Idiopathic Restless Legs Syndrome

INVITED LECTURES

LTBI and Active TB. Winthrop Hospital Pulmonary Fellows Lecture 2005.

Lung Transplantation. Winthrop Hospital Pulmonary Fellows Lecture 2005.

Updates in Lung Cancer. Winthrop Hospital Pulmonary Fellows Lecture 2004.

Pulmonary Hypertension case reviews. Winthrop Hospital Joint Pulmonary/Cardiology Fellows Lecture 2004.

COPD: Future Treatment. Winthrop Hospital Eager Breathers Presentation 2003.

Hypoxemia and Hypercarbia. Winthrop Hospital Housestaff Lecture 2002.
