

**CURRICULUM VITAE**  
**Russell H. Samson, M.D., R.V.T., F.A.C.S.**

**NAME:** Russell Howard Samson

**OFFICE:** Samson Showalter Lepore – Vascular Specialists  
600 North Cattlemen Road, Suite 220  
Sarasota, Florida 34232  
Telephone: (941) 371-6565  
Facsimile: (941) 377-7731  
eMail: [rsamson@veinsandarteries.com](mailto:rsamson@veinsandarteries.com)

**RESEARCH OFFICE:** 1540 South Tamiami Trail, 3<sup>rd</sup> Floor  
Sarasota, FL 34239

**DATE OF BIRTH:** March 15, 1950

**PLACE OF BIRTH:** Johannesburg, South Africa

**CITIZENSHIP:** U.S.A.

**MARITAL STATUS:** Married with two children  
Wife: Susan

**MEDICAL SCHOOL:** University of the Witwatersrand,  
Johannesburg, South Africa, 1967-1972

**INTERNSHIP:** Medicine: Professor Zwi's Unit, January 1973 to  
June 1973, Johannesburg General Hospital  
  
Surgery: Professor D.J. du Plessis's  
Professorial Unit, July 1973 to  
December 1973, Johannesburg General Hospital

**LOCUM TENENS:** London - January to June 1974

**RESIDENCY:** Albert Einstein College of Medicine  
Bronx, New York 1974-1979 - Surgery

**CHIEF RESIDENCY:** Albert Einstein College of Medicine,  
Bronx, New York 1978-1979 - Surgery

**MILITARY SERVICE:** Not applicable

**FELLOWSHIP:** Clinical Fellow in Vascular Surgery: 1979-1980  
Montefiore Medical Center, Bronx, N.Y.

Albert Einstein College of Medicine,  
Bronx, New York

**LICENSES:**

Registered Vascular Technician, 1997

Florida, #0049137, August 4, 1986

New York State, #130115, February 25, 1977

South African Medical & Dental Council,  
#153561856, December 19, 1973

Educational Council for Foreign Medical  
Graduates, #1852896, July 26, 1972

**BOARD  
CERTIFICATION:**

Diplomate of the American Academy of Wound Management,  
Certified Wound Specialist, April 2002

Certificate of Special Competency in Vascular Surgery, issued  
by the American Board of Surgery, #314, November 18, 1983;  
Recertified January 1994; Recertified October 2003

Diplomate of the American Board of Surgery,  
#26124, 8-24-80; Recertified October 21, 1988.

**AWARDS & HONORS:**

Young Investigator's Award Judging, Society for Vascular  
Ultrasound's 28<sup>th</sup> Annual Conference, June 17, 2005

Distinguished Fellow of the Society for Vascular Surgery,  
June 9, 2003

President – Florida Vascular Society, 2001-2002

Co-Chairman Lower Extremity Ischemia I – 24<sup>th</sup> World  
Congress of the ISCVS, September 23, 1999 – Melbourne,  
Australia

Physician's Recognition Award – American Medical  
Association- *Physicians dedicated to the health of America*  
June 1, 1999 – June 1, 2002

President, Mote Vascular Foundation, 1998 –

Co-Chairman Carotid Artery Surgery Section - 23<sup>rd</sup> World  
Congress of the ISCVS, September 22, 1997 – London, England

Secretary/Treasurer - Florida Vascular Society, 1997-2000

Founding Member - Florida Vascular Society, 1988

Guest Speaker, 76th Congress on Medical Education,  
Chicago, 1977

Delegate to the Resident Section of the AMA, 1975-1977

Representative to the Educational Council for Foreign Medical  
Graduates (ECFMG), joint appointment by the AMA & PNHA,  
1975-1977

Vice-President for Foreign Medical Graduates, Physicians  
National Housestaff Association (PNHA), 1975-1977

Delegate - Committee of Interns & Residents, 1974-1976

Cottrell Memorial Prize for academic excellence and  
contribution to student affairs, 1972

Vice-President for Africa, International Federation of Medical  
Student Associations, 1971

President - Association of Medical Students of South  
Africa, 1970-1971

Treasurer - Students Medical Council, 1969

**EDITORIAL  
POSITIONS:**

Editorial Board – Vascular Specialist

Editorial Board – Vascular News

Editorial Board – Optimal Aging Report

Editorial Board – Vascular

Assistant Editor – Vascular Surgery, 6<sup>th</sup> Edition,  
Edited by Robert B. Rutherford – W.B. Saunders Company,  
Publishers, 2005. Section 7 Nonoperative Management of  
Patients with Vascular Diseases, pp 579-639

Editorial Board – Vascular & Endovascular Surgery, 2002-

Reviewer – Journal of Vascular Surgery, 2000 –

Editorial Board, Dermatologic Surgery, 1996 to present

Editorial Board, Vascular Laboratory Review, 1984

Consultant Editor “Journal of International Physicians”, 1977

## **HOSPITAL & TEACHING APPOINTMENTS:**

### **ACTIVE**

Clinical Associate Professor  
Department of Clinical Sciences (Vascular Surgery)  
Florida State University

Staff Member  
Doctors Hospital of Sarasota  
Sarasota, Florida  
September 1986 to present

Staff Member  
Sarasota Memorial Hospital  
Sarasota, Florida  
September 1986 to present

### **PAST**

Chief of Surgery Section  
Sarasota Memorial Hospital  
November 1994 to November 1995

Associate Professor of Surgery  
Albert Einstein College of Medicine  
June 1986 to September 1986

Vascular Surgeon-in-Charge  
Bronx Municipal Hospital Center  
August 1982 to September 1986

Clinical Instructor in Surgery

Albert Einstein College of Medicine  
July 1980 to November 1980

Assistant Professor of Surgery  
Albert Einstein College of Medicine  
November 1980 to June 1986

Attending Surgeon  
Bronx Municipal Hospital Center  
1980 to September 1986

Director - Vascular Laboratories  
Montefiore Medical Center-  
Albert Einstein College of Medicine  
1980 to September 1986

Attending Surgeon  
Montefiore Medical Center  
1980 to September 1986

Attending Surgeon  
Hospital of the Albert Einstein  
College of Medicine  
1980 to September 1986

Attending Surgeon  
North Central Bronx Hospital  
1980 to September 1986

**HOSPITAL,  
UNIVERSITY &  
SOCIETY  
COMMITTEES:**

Director, Non-Invasive Lab  
Sarasota Memorial Hospital, 2002 -

Chairman, Outcome Committee, American  
Association for Vascular Surgery

Executive Member  
Heart & Vascular Center of Florida, Sarasota, 2000 to June  
2001

Medical Executive  
Sarasota Memorial Hospital, 1998 to present

Chairman, Surgical Evaluation Committee

Sarasota Memorial Hospital, 1995 - 1997

Surgical Suite Committee

Sarasota Memorial Hospital, 1995 – 1996

Medical Director

Wound Care Center at Doctor's Hospital of Sarasota,  
1994 – 2002

Medical Advisory Board

Heartland Wound Care Center, 1994 - 1998

Board of Directors

Temple Beth Shalom, 1994 - 1996

Chairman, Department of Surgery

Sarasota Memorial Hospital, 1994 - 1995

Chairman, Surgical Privileges Committee

Sarasota Memorial Hospital, 1994 - 1995

Surgical Suite Committee

Sarasota Memorial Hospital, 1993-Present

Medical Executive Committee

Sarasota Memorial Hospital, 1993-1994, 1998-

Board of Trustees

Doctors Hospital, 1989

Surgical Audit Committee

Doctors Hospital, 1988

Surgical Quality Assurance Committee

Sarasota Memorial Hospital, 1988

Credentials Committee,

Doctors Hospital, 1988

Blood Usage Committee

Sarasota Memorial Hospital, 1987

Member, Patent Committee, Albert Einstein College of  
Medicine, 1984 to September 1986

Senator

Albert Einstein College of Medicine,

1983 to September 1986

**PROFESSIONAL  
SOCIETIES:**

Founding Member – International Society for Vascular Surgery, 2004

American Venous Forum, February 2001

President, The Florida Vascular Society, 2001-2002

Member Society for Vascular Surgery, 1999

Secretary-Treasurer, The Florida Vascular Society, 1997 to 2000

European Society for Vascular Surgery, 1996

North American Society of Phlebology, 1995

Charter Member - International Society for Endovascular Surgery, 1993

Southern Association for Vascular Surgery, 1989 to present

Founding Member-Florida Vascular Society, 1988

Society for Clinical Vascular Surgery, 1987 to present

International Society for Cardiovascular Surgery, 1985 to present

American Association for Vascular Surgery, 1985 to present

Fellow of the American College of Surgeons, 1983 to present

New York Regional Vascular Society, 1983 to 1988

New York Surgical Society, 1983 to 1988

Vascular Society of New Jersey, 1982 to 1988

Society of Non-Invasive Vascular Technology, 1981 to present

Association for Academic Surgery, 1981 to present

New York Society for Cardiovascular Surgery, 1981 to 1988

**CONSULTANT  
APPOINTMENTS:**

Consultant – Johnson and Johnson, 2006 to present

Consultant – Medtronic Advisory Board, 2006 to present

Consultant - Advisory Working Group on Comprehensive Stroke Centers, 2005 to present

Consultant – Angiodynamics, 2004 to present

Consultant – Medical Advisory Board – Boston Scientific, 2004 to present

Consultant – Jobst, 1988 to present

Consultant - Ultrasonics, 1985 - 1986

Consultant - Multigon Industries, 1985 – 1986

The Society for South African Surgeons and Gynecologists of North American, Secretary, 1980 to present

**RESEARCH GRANTS:** Jobst Foundation: Investigation of venous pathophysiology.

Reed Lignin: Investigation of blood coagulation.

**WORK HISTORY:** 1986 to present: Vascular Surgeon, Sarasota Florida

1980-1986: Vascular Surgeon, Bronx New York

### **INTERNATIONAL PRESENTATIONS**

1. Level of amputation following failed infrainguinal bypass performed for limb salvage. XV World Congress of the International Society for Cardiovascular Surgery. Athens, Greece, August 1981.
2. Treatment of limb threatening ischemia despite a palpable popliteal pulse. XV World Congress of the International Society for Cardiovascular Surgery. Athens, Greece, August 1981
3. Four-year experience with expanded polytetrafluoroethylene (PFTE) grafts in arterial reconstructions for limb salvage. International Vascular Symposium, London, England, September 1981
4. Level of amputation after failure of limb salvage procedures. International Vascular Symposium. London, England, September 1981.
5. Femoropopliteal bypass to the isolated popliteal segment: Is polytetrafluoroethylene (PFTE) graft acceptable. International Vascular Symposium, London, England, September 1981
6. Changing concepts in extraanatomic bypass. International Vascular Symposium, London, England, September 1981
7. Percutaneous transluminal angioplasty (PTA): Inadequacy of noninvasive hemodynamic evaluation. First International Congress - Transluminal Angioplasty, Toulouse, France, January 1983.
8. Visiting Lecturer, Grand Rounds, University of Witwatersrand Medical School, Johannesburg, South Africa, April 9, 1983.

9. Six-year experience with 920 expanded polytetrafluoroethylene grafts in arterial reconstructions for limb salvage. XVI World Congress of the International Society for Cardiovascular Surgery. Rio de Janeiro, Brazil, September 1983
10. Predictive factors in success or failure of infrapopliteal arterial reconstruction. XVI World Congress of the International Society for Cardiovascular Surgery, Rio de Janeiro, Brazil, September 1983
11. Photoplethysmographic evaluation of external compressive therapy for chronic venous ulceration. XVI World Congress of the International Society for Cardiovascular Surgery, Rio De Janeiro, Brazil, September 1983.
12. Percutaneous PAO<sup>2</sup> evaluation of vascular reconstructions. Second International Meeting on Percutaneous Oxygen Tension Measurements. Zurich, Switzerland, 1984
13. Routine Carotid Endarterectomy Without A Shunt Even In The Presence Of A Contralateral Occlusion, XXI World Congress of the International Society for Cardiovascular Surgery. Lisbon, Portugal. September 12-15, 1993
14. Duplex Scan Diagnosis of Carotid Artery String Sign May Prevent Unnecessary Surgery - 23<sup>rd</sup> World Congress of the ISCVS - September 22, 1997, London, England
15. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - 23<sup>rd</sup> World Congress of the ISCVS - September 22, 1997, London England
16. Non-Invasive Diagnosis and Management of the Carotid Artery String - Vascular Society of Southern Africa Annual Congress - October 5, 1997 - Cape Town, South Africa - Invited Speaker
17. Vascular Registries – The Industrial Aspects – European Society for Vascular Surgery, XIII Annual Meeting - September 3, 1999 –Copenhagen, Demark – Invited Speaker
18. Luminal characteristics dictate long-term patency of Polytetrafluoroethylene above knee prosthetic femoropopliteal bypass grafts. - International Society for Cardiovascular Surgery, September 23, 1999 - Melbourne, Australia, 1999
19. Femoropopliteal bypass is not a generic procedure. A survey of the practice patterns of The Florida Vascular Society - International Society for Cardiovascular Surgery, September 23, 1999 - Melbourne, Australia, 1999

## **NATIONAL PRESENTATIONS**

1. Hemodynamics and evaluation of percutaneous transluminal angioplasty. Society for Noninvasive Technology, Dallas, Texas, June 1981.
2. Treatment of limb-threatening ischemia despite a palpable popliteal pulse. Association of Academic Surgeons, Chicago, November 1981
3. Evaluation of graft patency using a transcutaneous PO<sub>2</sub> sensor. Association of Academic Surgeons, Chicago 1981
4. Discussant - Hemodynamic evaluation of angioplasty. Thirteenth Annual Meeting of the North American chapter of the International Society of Cardiovascular Surgery, Boston, Massachusetts, June 1982
5. Lecturer - Vascular Surgery Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, N.Y., September 1982.
6. Percutaneous transluminal angioplasty (PTA): Inadequacy of noninvasive hemodynamic evaluation and management of PTA failures. San Diego Symposium on Noninvasive Diagnostic Techniques in Vascular Disease, San Diego, California, October 1982.
7. Perioperative noninvasive hemodynamic ankle indices as predictors of infrainguinal graft patency. San Diego Symposium on Noninvasive Diagnostic Techniques in Vascular Disease, San Diego, CA., October 1982.
8. Management of angioplasty complications, unsuccessful procedures and early and late failures. Ninth Annual Symposium on Current Critical Problems in Vascular Surgery, New York, N.Y., November 1982.
9. Percutaneous transluminal angioplasty: hemodynamic evaluation and management of complications. First International Congress - Transluminal Angioplasty, Toulouse, France, January 1983.
10. Panelist - Lower extremity studies. Annual Meeting of the Combined New York Regional and New York Cardiovascular Society, New York, N.Y., May 1983.
11. Evaluation of graft patency utilizing ankle brachial pressure index and ankle pulse volume recording amplitude. Society for Noninvasive Technology, San Francisco, California, June 1983.

12. Improved technique for diagnosis of vasculogenic impotence. Society for Noninvasive Technology. San Francisco, California, June 1983.
13. Photoplethysmographic evaluation of external compressive therapy for chronic venous ulceration. Society for Noninvasive Technology, June 1983
14. Noninvasive evaluation of peripheral vascular disease - New office and hospital techniques. Guest Lecturer, Vascular Disease Symposium sponsored by Methodist Hospital and Research Foundation, Park Nicollet Medical Center, Minneapolis, Minnesota, September 30 - October 1, 1983. Invited Speaker
15. Plethysmographic evaluation of the venous component of human erection. Presented at Surgical Forum, American College of Surgeons, 69th Annual Clinical Congress, Atlanta, Georgia, October 1983
16. Use of the computer in vascular surgery, exhibit. American College of Surgeons, 69th Annual meeting, Atlanta, Georgia, 1983.
17. Lecturer - Vascular Surgery, Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, November 1983.
18. Does the noninvasive vascular laboratory help in the surgeon in arterial extremity disease? Montefiore Medical Center - Tenth Annual Symposium on Current Critical Problems in Vascular Surgery, New York, N.Y., November 1983.
19. Ischemic complications of proximal forearm arterial venous fistulas and grafts. New Jersey Vascular Society Annual Meeting, NJ, March 1984.
20. Noninvasive hemodynamic evaluation of vascular disease. Spring Conference of the American Academy of Medical Preventics in New Orleans, May 1984. Invited Speaker
21. Impotence - Noninvasive Screening Algorithm. St. Joseph's Hospital and Medical Center Symposium, New Jersey, May 1984. Invited Speaker
22. Venous Valvular Incompetence: Primary, Secondary and Stasis Ulceration, St. Joseph's Hospital and Medical Center Symposium, New Jersey, May 1984. Invited Speaker
23. Diagnosis of DVT Using The Life Sciences PVR - New Diagnostic Criteria. Society for Noninvasive Technology Annual Meeting, Atlanta, Georgia, June 1984.
24. Database for Personal Bibliography. Microcomputers in Surgical Practice - A Hands-On Experience. Waldorf-Astoria Hotel, New York City, September 14-16, 1984. Invited Speaker

25. Grand Rounds, The Brookdale Hospital Medical Center, Brooklyn, New York, September 20, 1984. Invited Speaker
26. Vascular Surgery Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, September 21, 1984. Invited Speaker
27. Lecturer - Vascular Surgery, Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, October 1, 1984.
28. Venographic comparison of venous volume plethysmography and doppler ultrasound in the diagnosis of deep venous thrombo-phlebitis (DVT). The New York Society for Cardiovascular Surgery, Scientific Program, New York, October 1984.
29. A new classification and management of extracavitary prosthetic arterial graft infection. Montefiore Medical Center - Eleventh Annual Symposium on Critical Problems in Vascular Surgery, Grand Hyatt, New York, November 1984.
30. Presentation, Gortex Vascular Symposium, Tampa, Florida, November 1989
31. American Venous Forum, Ft. Lauderdale, February 1991 Invited Speaker
32. Dancing With Your CPT'S: Third Party Problems, Seventh National Noninvasive Diagnosis of Vascular Disease Symposium, St. Louis, April 1991 Invited Speaker
33. South Florida Noninvasive Vascular Society, - Vascular Lab Reimbursement. Ft. Lauderdale, Florida, June 20, 1992. Invited Speaker

36. Samson R.H., Showalter D.P.; Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion, XXI World Congress of the International Society for Cardiovascular Surgery. Lisbon, Portugal. September 12-15, 1993
37. Compression Stockings & Polyurethane Foam Dressings for Treatment of Venous Ulceration. Advances in Wound Healing and Wound Management. Wailea, Maui, Hawaii. February 23, 1994.

38. Compression Stockings & Non-Continuous Use of Polyurethane Foam Dressings for the Treatment of Venous Ulceration - Long Term Results. Eighth Annual Congress of North American Society of Phlebology. Fort Lauderdale, Florida. February 25-28, 1995.
39. Carotid Endarterectomy Without a Shunt. St. Anthony's Hospital, St. Petersburg, Florida, July 19, 1995. Invited Speaker
40. Micro-Surgical Technique vs. Standard Vein Stripping vs. Injection Therapy. 17th Annual Meeting of the American Association for Medical Transcription, Orlando, Florida, July 27-30, 1995. Invited Speaker
41. Vascular Surgery in the Age of the Computer, 9th Annual Meeting, Florida Vascular Society, April 12-14, 1996.
42. Standards of Treatment of Venous Disease - New York Medical Group - New York, NY, November 1996
43. Stockings and the Prevention of Recurrent Venous Ulcers. The Art & Science of Wound Management Meeting, Tucson, AZ, November 1996
44. Selected Topics Hemo Dialysis at the Twenty Third Annual Symposium on Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery, New York City, NY, November 1996. Invited Speaker
45. Duplex Diagnosis of Carotid String Sign. Tenth Symposium for the Noninvasive Diagnosis of Vascular Disease, St John's Mercy Medical Center, St Louis MO, March 12, 1997. Invited Speaker
46. Computerization for the Vascular Laboratory. Tenth Symposium for the Noninvasive Diagnosis of Vascular Disease, St John's Mercy Medical Center, St Louis, MO, March 14, 1997. Invited Speaker
47. Establishing & Maintaining a Vascular Laboratory Patient Data Registry -Florida Vascular Society Meeting, St Petersburg FL, April 10, 1997. Invited Speaker
48. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - Florida Vascular Society Meeting, St Petersburg, FL, April 11, 1997
49. Medical Treatment of Chronic Venous Disease and Complications - Seventh Annual Vascular Conference – Pittsburgh, PA. April 16, 1997. Invited Speaker

50. Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - Society for Vascular Surgery, Boston, Mass, June 1, 1997 – Poster
51. Can CEA Be Routinely Performed Without A Shunt Even In The Presence Of A Contralateral ICA Occlusion - 24<sup>th</sup> Annual Symposium on Current Critical Problems, New Horizons, and Techniques in Vascular and Endovascular Surgery, November 23, 1997, New York, NY. Invited Speaker
52. Rational Use of Compression in the treatment of Venous disease and Lymphedema - Art and Science of Wound Management Symposium - December 5, 1997, Orlando, FL. Invited Speaker
53. Medical and Compressive Therapy for Chronic Venous Disease and its Complications Dermatology Grand Rounds - University of Florida Division of Dermatology and Cutaneous Surgery - January 29, 1998, Gainesville, FL. Invited Speaker
54. Is Thigh Saphenectomy a Necessary Adjunct to High Ligation and Stab Avulsion Phlebectomy – Society for Clinical Vascular Surgery – San Diego, CA, April 4, 1998
54. Medical and Compressive Therapy for Chronic Venous Ulcerations and Its Complications – Wound Management: Current Techniques and Hyperbaric Medicine – Biltmore Hotel, Coral Gables, FL, April 25, 1998. Invited Speaker
55. The use of Computers in Hemodialysis. The Second Northeastern Conference on vascular Access for hemodialysis, Grand Hyatt Hotel, New York, New York May 16 1998. Invited Speaker
56. Carotid endarterectomy without arteriography – a safe approach associated with long-term stroke prevention. Poster session ISCVS/SVS Annual meeting, San Diego, California, June 7-10, 1998.
57. Computers in the Vascular Laboratory. The Value of a Database – The Non-Invasive Vascular Laboratory: Principles and Practices, Hanover Marriott, Whippany, New Jersey, September 26, 1998. Invited Speaker
58. Jobst ulcer care in the management of venous disease, Curative Health Services, Orlando, Florida, October 4, 1998. Invited Speaker
59. The use of a Computerized Database for Angioaccess Surgery. 2<sup>nd</sup> Hemoaccess Symposium - The Waldorf-Astoria, New York City, New York, November 19, 1998. Invited Speaker
60. Injection Therapy versus Laser Therapy for Spider Telangiectasia: Techniques

- and Indications for Both Methods. 25<sup>th</sup> Symposium on critical problems in vascular surgery - The Waldorf-Astoria, New York City, New York, November 20, 1998. Invited Speaker
61. Computers in the Vascular Lab. 9<sup>th</sup> Symposium on Non-Invasive Vascular Lab Diagnosis – The Waldorf-Astoria, New York City, New York, November 20, 1998. Invited Speaker
  62. Patient data management; a necessity for current clinical practice. How I do it. Progress in Angioscopy 1998: Minimally Invasive and Endovascular Surgery - Ritz-Carlton Hotel, Boston, Massachusetts, December 7, 1998. Invited Speaker
  63. Samson, R.H., Showalter, D.P.: Hemodynamically significant early recurrent carotid stenosis: an often self-reversing condition - Southern Association for Vascular Surgery, Naples, Florida, January, 28,1999
  64. Proper interpretation of carotid, venous, and peripheral arterial studies – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 23, 1999. Invited Speaker
  65. String sign vs. total occlusion; How do we manage in the vascular lab? – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 24, 1999, Invited Speaker
  66. Developing a computerized vascular registry; Beyond the hardware and software is a system – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 25, 1999, Invited Speaker
  67. Data entry and report generation using a computerized vascular laboratory registry – Florida Vascular Society 12<sup>th</sup> Annual Meeting – Loews Hotel, Miami Beach, Florida, May 20, 1999, Invited Speaker
  68. Risk factor analysis increases efficacy of duplex screening programs for carotid plaque - Florida Vascular Society 12<sup>th</sup> Annual Meeting – Loews Hotel, Miami Beach, Florida, May 21, 1999
  69. Femoropopliteal bypass is not a generic procedure - Florida Vascular Society 12<sup>th</sup> Annual Meeting – Loews Hotel, Miami Beach, Florida, May 22, 1999
  70. Use of stockings for Obstetrics and Gynecological patients – St. John’s Hospital, Atlanta, Georgia, June 9, 1999. Invited Speaker
  71. The Impact of a Vascular Laboratory Registry on Clinical Practice and Laboratory Productivity: A Surgeon’s Perspective –The Tenth Anniversary Symposium – Advances in Vascular Diagnosis and Vascular Laboratory Management–

- Sponsored by Montefiore Medical Center & Albert Einstein College of Medicine, The Waldorf-Astoria – New York City, November 19,1999. Invited Speaker
72. Spontaneous Regression of Hemodynamically Significant Early Recurrent Carotid Stenosis (HERS): When Is Invasive Treatment Required – Twenty-Sixth Annual Symposium on Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery – Sponsored by Montefiore Medical Center, The Waldorf-Astoria – New York City, November 21,1999. Invited Speaker
  73. The Natural History of the Contralateral Carotid Artery after Ipsilateral Carotid Endarterectomy-Southern Association For Vascular Surgery, Discussant, Tucson, Arizona, January 20, 2000
  74. A Comparison of Polidocanol Sclerotherapy and Photoderm® Light Ablation for the Eradication of Spider Telangiectasia-American Venous Forum, Phoenix, Arizona, February 5, 2000
  75. Selective non-heparinization decreases blood loss, or time and need for transfusions in elective aortic aneurysm surgery: a new standard against which endografts should be compared, Amelia Island, Florida, 13th Annual Florida Vascular Society Meeting, Amelia Island, April 6 – 9, 2000
  76. The results of the Florida Vascular Society's Study of *Carotid Endarterectomy*, Amelia Island, Florida, April 8, 2000, 13<sup>th</sup> Annual Florida Vascular Society Meeting, Amelia Island, April 6 – 9, 2000
  77. Wound Care in the New Millennium, Sponsored by Regranex Speakers' Bureau Program, Donaldsonville & New Orleans, Louisiana, June 22 & 23, 2000, Invited Speaker
  78. Screening for Carotid Stenosis: Justification Based on Risk Factor Analysis. 11<sup>th</sup> Symposium and Workshop on Management & Clinical Issues. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 17, 2000. Invited Speaker
  79. Utilizing Your Computer Registry for Research and Quality Improvement/ Assurance. 11<sup>th</sup> Symposium and Workshop on Management & Clinical Issues. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 18, 2000. Invited Speaker
  80. How to Heparinize Selectively for Open AAA Repair: Techniques, Precautions, and Advantages. 27<sup>th</sup> Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 19, 2000. Invited Speaker

81. The Physiologic Approach in Evaluating Lower Extremity Peripheral Vascular Disease. 12<sup>th</sup> National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John's Mercy Medical Center, St. Louis, Missouri, March 7, 2001. Invited Speaker
82. Carotid Screening Programs: Are They Worthwhile? 12<sup>th</sup> National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John's Mercy Medical Center, St. Louis, Missouri, March 7, 2001. Invited Speaker
83. Management of Carotid Occlusion Diagnoses by Duplex Ultrasound. 12<sup>th</sup> National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John's Mercy Medical Center, St. Louis, Missouri, March 8, 2001. Invited Speaker
84. The Place of Sclerotherapy in Treatment of Varicose Veins and Telangiectasis. 29<sup>th</sup> Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Invited Speaker
85. Improvement in Walking Ability, Ankle Pressure Indices & Quality of Life in Vascular Claudication Using Intermittent Pneumatic Foot & Calf Compression: A Prospective Randomized Trial with 1 Year Follow-up. 29<sup>th</sup> Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Discussant
86. AV Access Symposium – Vascular Access for Hemodialysis, 29<sup>th</sup> Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Invited Speaker
87. Screening for Carotid Stenosis – Justification based on Risk Factor Analysis. 14<sup>th</sup> Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
88. Carotid Endarterectomy Without A Shunt in the Presence of an Occluded Contralateral Artery: Short and Long-Term Results. 14<sup>th</sup> Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
89. The Place of Sclerotherapy in the Treatment of Varicose Veins and Telangiectasis. 14<sup>th</sup> Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
90. Rationale For, How To Do It Efficiently and Benefits Accrued: One Center's Experience. 28<sup>th</sup> Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker

91. Strategies for Managing The "Duplex Scan" Diagnosis of ICA. 28<sup>th</sup> Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker
92. The Complimentary Roles of Physiologic Testing and Direct Imaging Studies: How to Make It Work. 28<sup>th</sup> Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker
93. What's New That The Vascular Surgeon Should Know About Lipid Metabolism? 28<sup>th</sup> Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 18, 2001. Invited Speaker
94. Homocysteine May Be a Risk Factor for the Development of Carotid Artery Restenosis Following Carotid Endarterectomy. 15<sup>th</sup> Florida Vascular Society Annual Meeting. The Breakers, Palm Beach, Florida, May 2-5, 2002. Presenter
95. Evolving Concepts in Duplex Surveillance of Femoropopliteal Prosthetic Bypass Grafts. 13 Annual Advances in Vascular Diagnostics. Sponsored by Albert Einstein College of Medicine. Sheraton New York Hotel and Towers, New York City, November 22, 2002. Invited Speaker
96. The Vascular Lab Medical Director: Who is Best Suited and Why? Sponsored by Albert Einstein College of Medicine. Sheraton New York Hotel and Towers, New York City, November 23, 2002. Moderator
97. Interventional Management of Varicose Veins, 27<sup>th</sup> Annual Meeting, The Southern Association for Vascular Surgery 27<sup>th</sup>, Loews Ventana Canyon Resort, Tucson, Arizona, January 15-18, 2003. Invited Speaker
98. Complementary Roles of Physiologic Testing and Direct Imaging Studies, 13<sup>th</sup> National Symposium - Noninvasive Diagnosis of Vascular Disease, Sponsored by Blood Flow Laboratory and Division of Vascular Surgery, St. Louis, Missouri, March 5, 2003. Invited Speaker
99. Duplex Surveillance for PTFE Grafts – Is It Relevant?, 13<sup>th</sup> National Symposium - Noninvasive Diagnosis of Vascular Disease, Sponsored by Blood Flow Laboratory and Division of Vascular Surgery, St. Louis, Missouri, March 5, 2003. Invited Speaker

100. New Interventions for the Treatment of Varicose Veins, 31<sup>st</sup> Annual Symposium on Vascular Surgery, Society for Clinical Vascular Surgery, Miami Florida, March 7, 2003.
101. Duplex Ultrasound Before, During and After Varicose Vein Treatment, Florida Vascular Society & Suncoast Society of Vascular Technology 2003 Scientific Session, Bonita Springs, Florida, May 1, 2003. Invited Speaker
102. Proven Methods to Expand a Vascular Surgery Practice (Integrating Noninvasive Vascular Testing), Florida Vascular Society & Suncoast Society of Vascular Technology 2003 Scientific Session, Bonita Springs, Florida, May 4, 2003. Invited Speaker
103. Integrating the Vascular Laboratory to Expand and Enhance Your Practice, 14<sup>th</sup> Annual Advances in Vascular Imaging and Diagnosis, Sponsored by Albert Einstein College of Medicine, New York, NY, November 21-22, 2003. Invited Speaker
104. Duplex Ultrasound Before, During and After Varicose Vein Treatment, 30<sup>th</sup> Annual Vascular and Endovascular Issues, Techniques and Horizons, Sponsored by Albert Einstein College of Medicine, New York, NY, November 20-23, 2003. Invited Speaker
105. AAA Endovascular Graft Training Course, Orlando, Florida, January 8, 2004
106. Ideal Protocols for the Vascular Laboratory: What's Missing and What's Unnecessary? 32<sup>nd</sup> Annual Symposium on Vascular Surgery. Sponsored by the Society for Clinical Vascular Surgery, Rancho Mirage, CA, March 10-14, 2004. Invited Speaker
107. Advanced Endovascular Training course, Houston, Texas, April 1-2, 2004
108. 17<sup>th</sup> Annual Meeting of the Florida Vascular Society and Endovascular Symposium, Sarasota, Florida, April 22-25, 2004. Invited Speaker
109. Sclerotherapy Techniques for Spider Veins and Reticular Veins: Cutaneous Laser has a Limited Role. International Vein Congress: In-Office Techniques, Key Biscayne, Florida, April 30 – May 1, 2004. Invited Speaker
110. Pathophysiology of Compression Stockings. International Vein Congress: In-Office Techniques, Key Biscayne, Florida, April 30 – May 1, 2004. Invited Speaker
111. Cryo-Balloon Angioplasty. South Florida Society for Vascular Surgery, Key Largo, Florida, October 29-31, 2004. Invited Speaker

112. Venous Hemodynamics: Effects of Pressure Changes, Incompetence and Obstruction in the Upper and Lower Extremities. 15<sup>th</sup> Symposium, Advances in Vascular Imaging and Diagnosis, New York, New York. November 19-20, 2004. Invited Speaker
113. Customized Venous Exams for Patients Undergoing Saphenous Vein Ablation Therapy: What the Surgeon Must Know, 15<sup>th</sup> Symposium, Advances in Vascular Imaging and Diagnosis, New York, New York. November 19-20, 2004. Invited Speaker
114. Management of Untreated Hypertension in the Vascular Patient – What the Vascular Surgeon Needs to Do About It, 31<sup>st</sup> Global Veith Symposium, New York, New York. November 18-21, 2004. Invited Speaker
115. Advances in the Pharmacologic Treatment of Arteriosclerosis: What Does the Future Hold? 31<sup>st</sup> Global Veith Symposium, New York, New York. November 18-21, 2004. Invited Speaker
116. Unusual Diseases of the Arteries: What Should I Know About Them? Vascular Disease Symposium, Jacksonville, Florida. December 4, 2004. Invited Speaker
117. Updates on Antihypertensives and Lipid Lowering Agents, 29<sup>th</sup> Annual Meeting Southern Association for Vascular Surgery, Marco Island, Florida. January 19-22, 2005. Invited Speaker
118. Noninvasive Evaluation of Upper Extremity Arterial Syndromes, 14<sup>th</sup> National Symposium Noninvasive Diagnosis of Vascular Disease, St. John's Mercy Medical Center, St. Louis, Missouri, March 4, 2005. Invited Speaker
119. Review of Venous Hemodynamics, 14<sup>th</sup> National Symposium Noninvasive Diagnosis of Vascular Disease, St. John's Mercy Medical Center, St. Louis, Missouri, March 4, 2005. Invited Speaker
120. The Morbidity in our Midst: A Mandate for Aggressive Medical Management of PAD, Florida Vascular Society Nursing Forum, Orlando, Florida, April 7, 2005. Invited Speaker
121. Vascular Laboratory Assessment of Upper Extremity Arterial Disorders – Common, Uncommon, & Rare, Florida Vascular Society 18th Annual Scientific Sessions, Orlando, Florida, April 7-10, 2005. Invited Speaker
122. Sclerotherapy is the Gold Standard, Cutaneous Laser Has a Limited Role, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker

123. Why Do Compression Hoses Work?, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
124. Compression Alone Will Close Ulcers, But Will It Prevent Recurrences?, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
125. Endovenous Saphenous Ablation for Treatment of Varicose Veins – Is It Better and Does It Avoid Surgery?, 33<sup>rd</sup> Annual Spring Meeting of the American College of Surgeons, Hollywood, Florida, April 18, 2005. Invited Speaker
126. Endovascular and Surgical Alternatives for SFA and Popliteal Disease, Boston Scientific's Regional Symposium, Baton Rouge, Louisiana, May 26, 2005. Invited Speaker
127. Pathophysiology of Venous Hemodynamics, Society for Vascular Ultrasound's 28<sup>th</sup> Annual Conference & Exhibition, Chicago, Illinois, June 18, 2005. Invited Speaker
128. Role of the Vascular Lab in Radiofrequency and Laser Closure Procedures, Society for Vascular Ultrasound's 28<sup>th</sup> Annual Conference & Exhibition, Chicago, Illinois, June 18, 2005. Invited Speaker
129. Merigliano, K., Samson, RH. Intraluminal Prosthetic Graft Thrombus: A New Sign of Impending Graft Failure Especially in 8mm Grafts, Society for Vascular Surgery's 2005 Vascular Annual Meeting, Chicago, Illinois, June 16, 2005. Invited Speaker
130. Conte MS, Bandyk DF, Clowes AW, Moneta GL, Seely L, Hamdan AD, Roddy SP, Belkin M, Berceci SA, DeMasi RJ, Samson RH, Berman SS. Molecular Therapy for Vein Grafts: Results of the PREVENT III Randomized Trial of Edifoligide for the Prevention of Vein Graft Failure in Limb Salvage Patients, Society for Vascular Surgery's 2005 Vascular Annual Meeting, Chicago, Illinois, June 18, 2005.
131. An International Experience Using The 980nm Laser: 7,000 Cases, 32<sup>nd</sup> Veith Symposium, New York, New York, November 17-20, 2005. Invited Speaker
132. New Developments in Lipid and Medical Management of Vascular Patients: What Every Vascular Surgeon Should Know, 32<sup>nd</sup> Veith Symposium, New York, New York, November 17-20, 2005. Invited Speaker

133. What Cardiologists Can Learn from a Vascular Surgeon: The Value of Data, 3<sup>rd</sup> Annual Cardiovascular KnowledgeCenter Consortium Meeting, St. Augustine, Florida, March 1-2, 2005. Invited Speaker
134. Working in a Multi-Specialty Practice, Society for Clinical Vascular Surgery, Las Vegas, Nevada, March 10, 2006. Faculty/Invited Speaker
135. Balancing the Arterial and Venous Practice: How I Do It: How Much Can Be Done Safely in the Office?, 33<sup>rd</sup> Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
136. Apo A-1 Milano Analogues, Torcetrapib, D-4F and Other HDL Raising Drugs: How Do They Work? 33<sup>rd</sup> Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
137. Integrating the Vascular Lab into Your Outpatient Clinical Practice: Enhancing the Patient Care Experience, 33<sup>rd</sup> Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
138. Phlebectomy, 33<sup>rd</sup> Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
139. Vascular Laboratory in 2007, Southern Association for Vascular Surgery, Puerto Rico, January 17-20, 2007. Invited Speaker
140. Upper Extremity Arterial Testing – Indications and Interpretation, 20<sup>th</sup> Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Speaker
141. Scientific Session III and IV Moderator, 20<sup>th</sup> Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Moderator
142. AneuRx<sup>®</sup> Migration When Guidelines for Insertion are Strictly Followed, 20<sup>th</sup> Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Speaker
143. Can Percutaneous Arterial Interventions Be Performed in the Office?, Fifth International Vein Congress: In-Office Techniques, Miami, Florida, May 18, 2007, Invited Speaker
144. Moderator - Minimally Invasive Advances in Vascular Surgery - The Endovascular Explosion, Florida Chapter American College of Surgeons 54<sup>th</sup> Annual Scientific Meeting, Palm Beach, Florida, May 24-27, 2007, Invited Moderator

145. Infrainguinal and Iliac Interventions, "Open v. Endovascular - Interventional When, Where, How?", Florida Chapter American College of Surgeons 54<sup>th</sup> Annual Scientific Meeting, Palm Beach, Florida, May 24-27, 2007, Invited Speaker
146. Vascular Lab in 2007: Surviving in a New Environment, Society for Vascular Surgery 30<sup>th</sup> Annual Meeting, Baltimore, Maryland, June 7-9, 2007, Invited Speaker
147. What's Cool About Cryoplasty: 2-1/2 Year Results Based on An Analysis of Treated Lesions, 34<sup>th</sup> Veith Symposium, New York, New York, November 14-18, 2007. Faculty/Invited Speaker
148. What Vascular Surgeons Need To Know About Best Medical Treatment in 2007?, 34<sup>th</sup> Veith Symposium, New York, New York, November 14-18, 2007. Faculty/Invited Speaker
149. Vascular Lab 2008: How to Utilize the Vascular Laboratory and Survive in a Hostile Environment, 18<sup>th</sup> Advances in Vascular Imaging and Diagnosis, New York, New York, November 16-17, 2007, Faculty/Invited Speaker
150. The Evolving Role of Physiologic Testing in Today's Vascular Lab, 18<sup>th</sup> Advances in Vascular Imaging and Diagnosis, New York, New York, November 16-17, 2007, Faculty/Invited Speaker

## **LOCAL PRESENTATIONS**

1. Lecturer - Vascular Surgery Seminar, HCA Doctors Hospital, Sarasota, Florida, August 1989
2. The Latest Trends in Vascular Surgery. What's New in Vascular Surgery. Med-Surg. Workshop. Sarasota Memorial Hospital, November 1991
3. Trends in Surgical Nursing. Topics for the 90's. Sarasota Memorial Hospital, February 1992.
4. Update on Vein Disorders, Sarasota Memorial Hospital, 1993.
5. Venous Disease. Sarasota Memorial Hospital Wound Care Symposium. Sarasota, Florida, January 8, 1994.

6. Color Ultrasound Evaluation of the Male Urogenital System. Suncoast Society of Vascular Technology. Sarasota, Florida, April 12, 1994.
7. Types of Venous Disease/Treatment. Sarasota Memorial Hospital Vascular Symposium, Sarasota, Florida, January 13, 1996.
8. Carotid Endarterectomy Without a Shunt. Senior Friendship Center, Sarasota, Florida, March 15, 1996
9. Presentation on Wound Care, Manatee Memorial Hospital, Bradenton, Florida, July 30, 1996.
10. New Advances in Treatment of Varicose Veins and Venous Insufficiency. Grand Rounds, Sarasota Memorial Hospital, Sarasota, Florida, August 30, 1996
11. Speaker - State of the Arts Management of Wounds. Symposia '96 - innovations in Senior Care, Selby Botanical Gardens, Sarasota, FL, September 27, 1996.
12. Diabetes and the Vascular System. Sarasota Memorial Hospital Diabetes Center, Sarasota, Memorial Hospital, October 7, 1996.
13. What's New in Circulation Treatment & Disorders, Senior Friends Medical Center, Sarasota FL, February 1997.
14. Computers in the Vascular Lab, Suncoast Society of Vascular Technology, Hyatt Regency, Sarasota, FL, May 17, 1997.
15. Non-invasive Diagnosis of Carotid String Sign, Suncoast Society of Vascular Technology, Hyatt Regency, Sarasota FL, May 17, 1997.
16. Non-Surgical Management of Chronic Venous Disorders and Their Complications - Innovations in Senior Care Symposia - Sarasota, FL, September 26, 1997.
17. Chronic Venous Disease - Complications of Diabetes, Wounds and Peripheral Vascular Disease Symposia – Bradenton, FL, November 17, 1997.
18. Varicose Veins, Spider Veins & Treatments -- Speaker, Board of Nursing, Advanced Medical Seminars, Inc., Sarasota, FL, November 9, 1999.
19. Taking Healing Into the Next Century (THINC) Ortho-McNeil - "Integrating Innovative Approaches To Treatment of Chronic Non-Healing Ulcers With Regranex Gel" – Invited Speaker, Medical Directors, Directors of Nursing, Assistant DON's and ET Nurses for Manatee County Long Term Care Facilities; Anna Maria Island, Florida, December 2, 1999.

20. Wound Healing – Manasota Podiatry Association, Longboat Key, Florida, March 14, 2000.
21. Diabetes & The Vascular System, Sarasota Memorial Hospital – Diabetes Treatment Services, Sarasota, Florida, March 27, 2000.
22. Wound Care in the New Millennium, Venice, Florida, May 18, 2000.
23. Wound Care in the New Millennium, Doctors Hospital, Sarasota, Florida, May 31, 2000.
24. Wound Care in the New Millennium, Bradenton, Florida, June 19, 2000.
25. Advances in Wound Healing, Wound Care Center, Sarasota, Florida, October 10, 2000.
26. Advances in Wound Healing, Regranex, St. Petersburg, Florida, December 5, 2000
27. Abdominal Aortic Aneurysms, Heart and Vascular Center of Florida, Sarasota, Florida, February 16, 2001
28. ASAP (Varicose Vein Treatment), Heart & Vascular Center of Florida, Sarasota, Florida, April 13, 2001
29. New Methods of Treatment of Abdominal Aortic Aneurysms, Senior Friendship Centers, Sarasota, Florida, May 18, 2001
30. PVD Screening – Justification Based on Risk Factor Analysis, Suncoast Society of Vascular Technology 4<sup>th</sup> Regional Educational Conference, Sarasota, Florida, October 20, 2001
31. Physiologic Approach in Evaluating Lower Extremity PVD, Suncoast Society of Vascular Technology 4<sup>th</sup> Regional Educational Conference, Sarasota, Florida, October 20, 2001
32. An Overview of Use of Stents, Stent Grafts and Endovascular Aneurysm Surgery for Arterial Diseases, Health Care Symposium 2002, Sarasota Memorial Health Care System, Sarasota, Florida, July 19, 2002
33. An Overview of Use of Stents, Stent Grafts and Endovascular Aneurysm Surgery for Arterial Diseases, Health Care Symposium 2002, Sarasota Memorial Health Care System, Sarasota, Florida, November 13, 2002
34. Risk Factor Modification for Patients with Peripheral Vascular Disease, Senior Friendship Centers, Sarasota, Florida, December 13, 2002

35. Management of Abdominal Aortic Aneurysm Patients in the Postoperative Period, Sarasota Memorial Health Care System, Sarasota, Florida, February 10, 2003
36. Arterial Disease, Boston Scientific, Mediterraneo's, Sarasota, Florida, February 18, 2003
37. Diabetes and Your Vascular System, Sarasota Memorial Health Care System, February 24, 2003
38. CryoPlasty Procedure – A Single Center Experience, Boston Scientific, Tio Pepe Restaurant, Clearwater, Florida, August 18, 2004
39. PAD – An Overview, Florida Academy of Physician Assistants' Third West Central Region Quarterly Meeting, Radisson Lido Beach Resort, Sarasota, FL, October 2, 2004
40. Pain in the Legs: Vascular Disease or Overwork?, Heart & Vascular Institute, Sarasota, Florida, December 14, 2004
41. Stroke Prevention: Surgery, Stents or Medication, Heart & Vascular Institute, Sarasota, Florida, March 26, 2005
42. Stroke Prevention: Surgery, Stents or Medication, Sarasota Memorial Hospital, Sarasota, Florida, May 25, 2005
43. Primary Prevention of CVD in Women, Sarasota Memorial Hospital, Sarasota, Florida, November 12, 2005
44. Peripheral Arterial and Venous Disease in Women, Sarasota Memorial Hospital, Sarasota, Florida, November 12, 2005

- Media Interview by TV Station WWSB – May 14, 2003 on Free Vascular Screening, Sarasota, Florida.
- Media Interview on Blab TV – September 8, 2003, Doctors Rounds, Legs for Life Screening for Doctors Hospital.

## **PATENTS**

Lignosulfonate Based Pharmacologic Agent with Anti-coagulant and Anti-thrombotic Activity.

Inventors: Russell H. Samson, M.D. and John W. Hollis, Jr., M.D.

Patent #4,988,799.

## **MEDICAL PRODUCTS**

- UlcerCare® Jobst
- Atrium Registry® - Computer Software
- Atrium VasLab® - Computer Software
- Atrium Everpoint® - Computer Software
- FAST FICS® - Scanlon Industries

## **RESEARCH**

- Collagen Vascular Sealant Randomized Trial – Surgical Sealants, Inc. – 2000
- A Phase II Multicenter, Double-Blind, Placebo-Controlled, Trial of VLTS-589 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease - PPD Development, LP – 2002
- A Phase II, Double-Blind, Multicenter, Randomized Clinical Trial of Antrin (motexafin lutetium) Injection, and Far-Red Light Activation for the Prevention of Restenosis and Primary Treatment of De Novo Atherosclerotic Lesions in the Femoral and Popliteal Arteries – Pharmacyclics, Inc. – 2002
- A Phase III, Multi-Center Randomized, Double-Blind, Placebo-Controlled Trial of the Ex-Vivo Treatment with CGT003 of Peripheral Vein Grafts in Patients Undergoing Peripheral Arterial Bypass Graft Procedures – Corgentech 2002
- A Double Blind, Placebo Controlled, Parallel Group Study of the Effects of Zoniporide on Perioperative Cardiac Events in High Risk Subjects Undergoing Noncardiac Vascular Surgery – Pfizer 2002
- A Multi Center, Randomized, Open-Label, Two Dose, Comparative, Phase 3 Study to Determine the Safety and Efficacy of MS-325 – Enhanced MRA in Patients with Known or Suspected Pedal Arterial Disease – EPIX Medical, Inc. – 2002

- A Multi-Center, Randomized, Double-Blind, Parallel Group, Placebo-Controlled Study of Efficacy And Safety Of Immune Modulation Therapy In Improving Walking Distance In Patients With Intermittent Claudication Secondary To Peripheral Arterial Disease PPD Development, LP - 2003
- A Phase II, Multi-center, Randomized, Double-Blind, Placebo-Controlled Trial of VLTS-934 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease – PPD Development, LP – 2003
- BSC Renaissance Trial: A prospective, multi-center, single arm study evaluating the Express™ Renal Premounted Stent System in the treatment of atherosclerotic lesions in the aortorenal ostium – Boston Scientific – 2004
- Phase 3, multi-centre, multi-national, randomized, double-blind, placebo-controlled study to evaluate the efficacy and safety of Alfimeprase in subjects with acute peripheral arterial occlusion (NAPA-3) - Nuvelo - 2006
- A multicenter clinical trial designed to demonstrate the safety and efficacy of the CVRx Rheos™ Baroreflex Hypertension Therapy™ System in patients with stage 2 hypertension that are resistant to full drug therapy. – CVRx, Inc. – 2006
- Clinical Trial RE-MEDY: A Phase III randomized, multicenter, double-blind, parallel group, active controlled study to evaluate the efficacy and safety of oral dabigatran etexilate (150mg bid) compared to warfarin (INR 2.0 – 3.0) for the secondary prevention of venous thromboembolism.
- Clinical Trial RE-COVER: A phase III, randomized, double blind, parallel-group study of the efficacy and safety of oral dabigatran etexilate (150 mg bid) compared to warfarin (INR 2.0-3.0) for 6 month treatment of acute symptomatic venous thromboembolism, following initial treatment (5-10 days) with a parenteral anticoagulant approved for this indication.
